WHERE IT GOES

This part in colour, its neighbours in grey

HOW TO MAKE IT AND HOW IT FITS

- A plate 168 x 76 x 2 mm, printed flat, top face down.
- Stop button hole 19 mm, centred 51.2 mm from the elbow end on the centre line.
- LED window 3 mm, over the controller's status LED.
- Four 3.4 mm screw holes over the lid bosses: 51 and 119 mm from the elbow end, 32.5 mm each side of the centre line.
- Fits: on the wall tops, four M3 x 8 pan-head screws into the bosses.
- Check: the stop button's bezel sits flat and its nut tightens below.

FlexHand pack lid: making sketch
